Kubernetes Link-List

MARKDOWN Atm I'm fiddling around with my raspberry pi, orange pi, odroid-Kubernetes, Docker, Ceph-cluster. Here some links: * [Install k8s on arm/rpi](https://blog.alexellis.io/test-drive-k3s-on-raspberry-pi/) * [k8s: Expose pods externally via services (manual or metacontroller)](https://itnext.io/exposing-statefulsets-in-kubernetes-698730fb92a1)
